

Cheshire West & Chester Council

UNLOCK YOUR POTENTIAL

Offer flexible,
FREE training
suited to the
business

Are you looking to upskill your employees? We are offering free numeracy courses to businesses. Our courses can help your employees develop the skills needed to progress personally and professionally.

The training we can provide includes:

- Formal numeracy Maths Award qualifications through course work.
- Functional Skills Maths qualifications (equivalent to C/Grade 4 GCSE).
- Bespoke sector specific numeracy activities tailored to your business.

Benefits to your business include:

- Your business benefits from an upskilled workforce, at no extra cost.
- Your employees feel more confident within their role and equipped to perform to their maximum ability.
- Your employees will benefit from increased numeracy skills in their personal lives.

If you would like to find out more about our courses and how they can help your employees, please get in touch with us. We look forward to hearing from you.

HM Government

To be eligible you need to be aged 19+, live in the Cheshire West and Chester area and not already have a Level 2 or GCSE Maths qualification at grade 4 or C.
