

Information, Advice And Guidance Policy Including Careers Education And Guidance (IAGCEG)

Most recent update: 26 June 2024

Scope

All learners accessing Adult Education provision and our Employment Support services through Cheshire West and Chester Council (CW&C) are entitled to high quality information, advice and guidance (including careers education and guidance) to help them to make effective choices about learning and work. This includes pre-recruitment information to enable them to select the right programme, on-programme support from tutors and Employment Support officers and end of programme information, advice, and guidance to ensure effective progression to intended further learning and/or work destinations.

This offer is for all individuals who participate in any Skills and Employment (S&E) provision and associated activities. It ensures that all customers have equal access to allow them to participate fully and make progress. IAG/CEG is provided as an embedded process by tutors and employment support staff and includes access to standalone IAG services from external partners e.g. National Careers Service.

Our offer mirrors the principles underpinning the Gatsby Benchmark for good Career Guidance, and adherence to the Career Development Institute Code of Ethics ensures we provide confidential, impartial and personalised support to enable progression appropriate to each learner's stage of career, learning, planning and development.

We aim to inspire our learners and customers and support them, so they are motivated to make progress and achieve their goals and have access to the tools needed to do so.

Quality Assurance Standards

This offer will be subject to both internal monitoring (through our own Quality Assurance framework) and external inspection to ensure consistency and quality of the service. The external inspection will be completed by OFSTED, Matrix, and support programme funders (for example DWP) and will also be included in the Education & Skills Funding Agency annual learner and employer surveys.

The Skills and Employment Service is Matrix accredited (December 2023) and was rated GOOD by Ofsted (April 2018). Matrix reassessment is due in December 2026.

Characteristics Of Service

There will be consistent key characteristics of the offer across S&E:

- Whole team commitment to the provision of high quality IAG/CEG throughout the service with full management support.
- Recognition of staff skills, strengths, limitations and when to bring in external providers.

- Timely provision of support.
- Personalised service working with customers' existing skills, strengths and aspirations.
- Motivation and confidence building.
- Agreed goals which are challenging but realistic.
- Challenging stereotypes thereby promoting equity diversity and inclusion.
- Breaking down barriers.
- Inclusive of parents/carers when agreed and appropriate.

Delivery Staff

IAG (including CEG) is delivered via an integrated approach throughout the S&E service by all staff with differing areas of expertise. Suitably qualified dedicated progression officers also provide personalised one-to-one IAG sessions or will contact expert external partner organisations, for example the National Careers Service.

Overview of IAG/CEG Entitlement

Who	Service users	learners in direct delivery and commissioned provision
		customers accessing employment support programmes
